PRAISE FROM THE FOREWORD OF PRIOR EDITIONS

"Twenty years is nearly a generation. This, of course, makes the twentieth edition of this book all the more remarkable. Its authors have created a work of lasting importance. They have achieved what few legal resources have: long-term relevance and utility."

"[A]n exemplary volume ... tremendously valuable ... an accurate and easily digestible account of the state of the art in criminal law practice."

"The authors of this book are among the best and brightest in our profession. They are each masters of the law. ... Their book is an important and continuing contribution to the strength of our criminal justice system."

"Experience has more than borne out Judge [Joseph M.] McLaughlin's prediction, made 15 years ago, in the foreword to the original edition of this book, that the text you now hold would 'surely become the most useful single volume on federal criminal practice within the courts of the Second District.'"
